Alyssa is 9 years old. In February, Alyssa got the opportunity to have her first professional photo shoot. This photo shoot was something that she had been wanting to do for a while. We are a military family, and the photo shoot was a reward for transitioning to a new state so well and continuing to excel in school, while balancing her dad deploying and a demanding

competitive dance schedule. She thoroughly enjoyed the experience and learned so much. Through dance, she has gained confidence in herself. This confidence was captured so well in the photo shoot.

Katrina loves incorporating uniqueness to her photos. Most of work is slightly different than the average model. She enjoys turning her audiences heads to create different work. She loves dancing, working with animals, as well as fitness.

She has worked with many different photographers and artists and has even been featured in a music video. Katrina would like to continue pushing her modeling and acting career forward onto bigger projects. She is goal orientated and is very hard working as well as a inspiration to others. Not only is Katrina a model, but outside her career she is also a mother and strives to inspire other mothers to stay fit, healthy and to continue their dreams and achievements.

Mason is 8 years old from Kansas City, Missouri. He is in 2nd grade at Pleasant Lea Elementary and plays soccer, football and basketball. Mason LOVES to improv and had an idea when he was 5 years old to improv to raise money for the National Brain Tumor Society charity event at his dance studio, Priscilla & Dana's School of Dance. Mason has brought the house down with his improv performance the last two years – Mason picks the songs and that's the only part of this performance that is planned beforehand. Mason is a bright light for anyone around him – always grooving to music, loving life and having fun with his family and friends.

My name is Megan Elizabeth. I grew up in Michigan, and have been living in Virginia for a little over two years. I have three cats and, Crohn's disease. To be quite frank I'm not sure who poops more. I've had to overcome a lot of obstacles with my array of health conditions. I've had to look happy when I'm screaming inside. Despite being a tad short for the industry's liking and having tattoos

I managed to land a spot on the runway for the president's birthday celebration at the Trump Hotel in Washington DC. Please keep in mind I am not a political person, but seeing as though he is the president it was a huge honor. I've also been asked to walk the runway for New York Fashion Week twice. Both times being shot down by those pesky medical conditions. I started

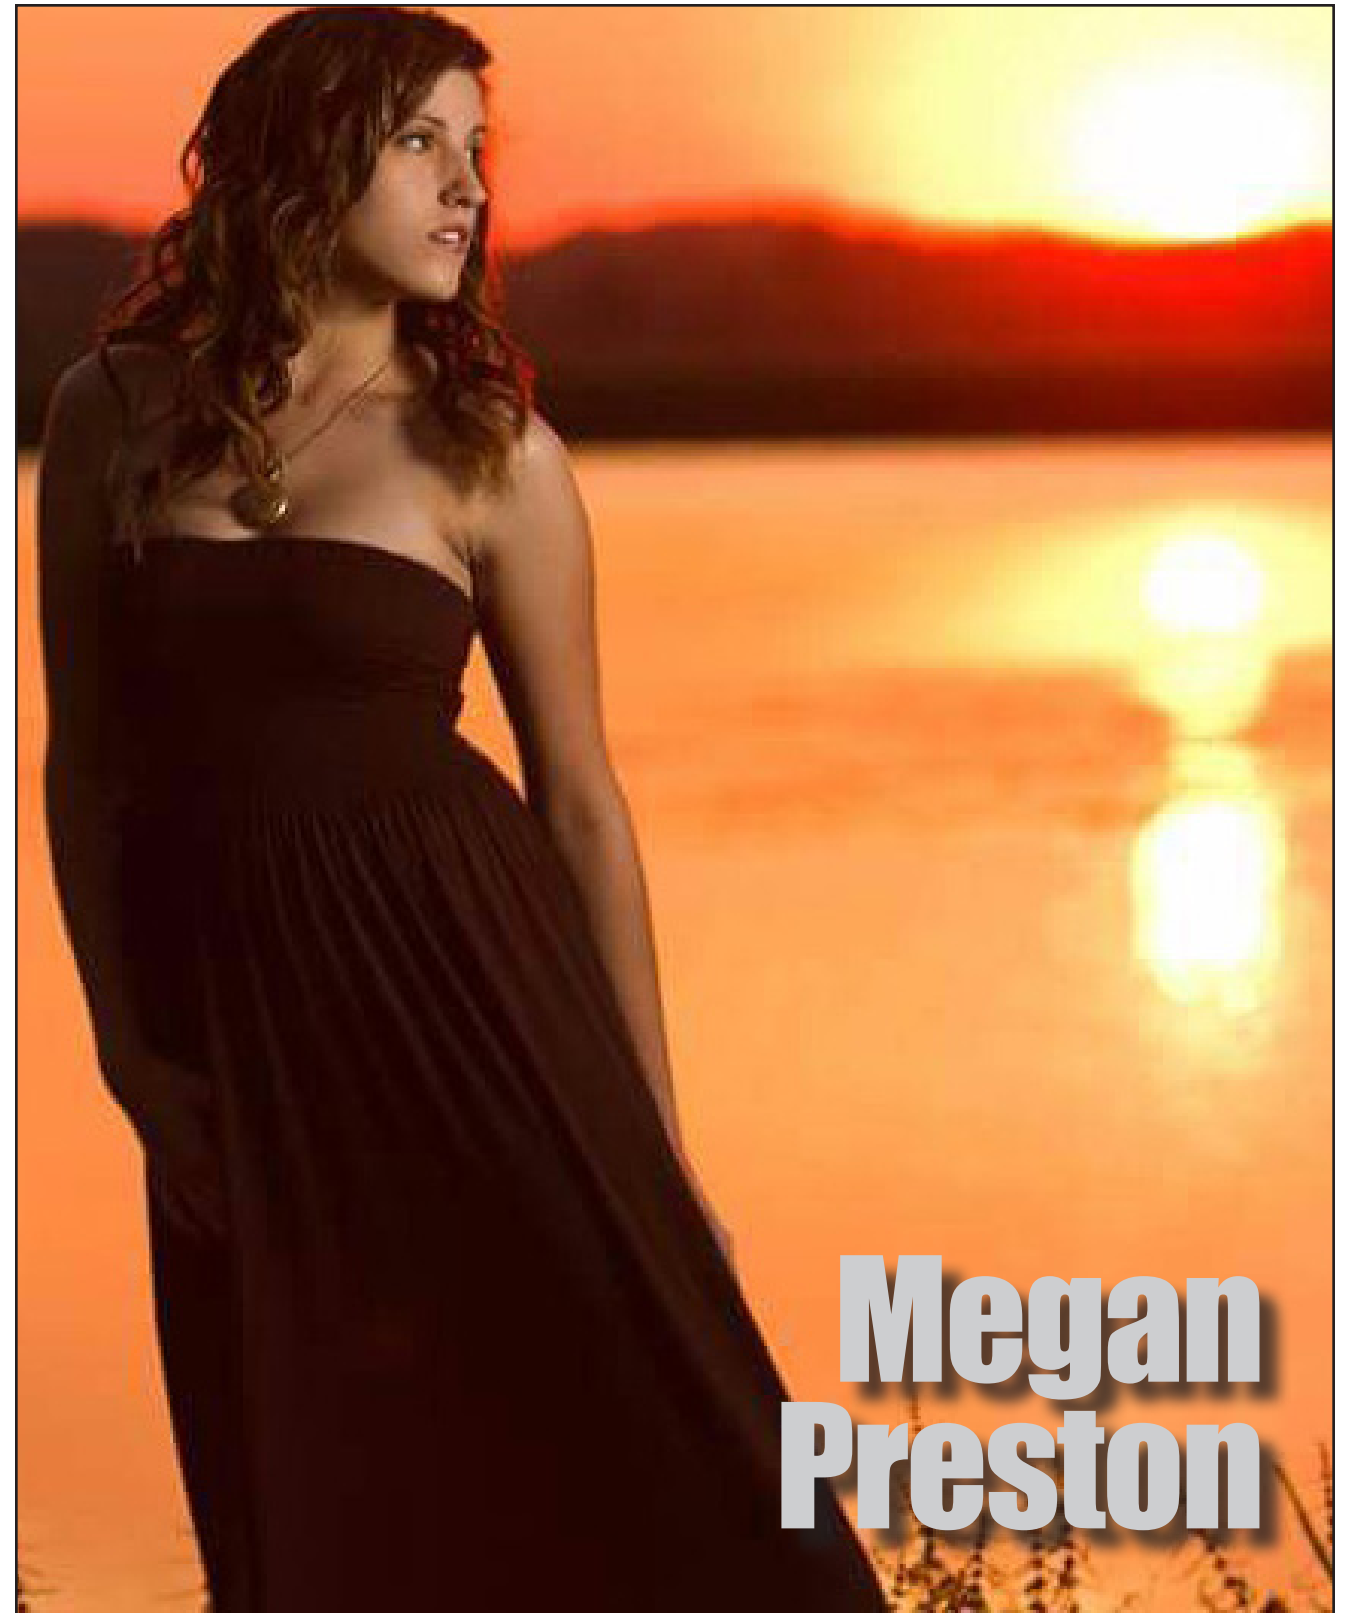

modeling just because it's easy money. I now appreciate the artistic and creative spectrum of modeling. Yet I still just do it for the money. I would highly recommend modeling to everyone. Don't quit your day job by all means. It's not guaranteed you will be the next Tyra or Twiggy but modeling can be for anyone. How far you take it is up to you.
