Hello World! I am April Flower from beautiful San Diego California. Things that I love to do in my spare time is riding my bike at the beach, playing with my 3 dogs and traveling to new places. Being a model has always been a dream to me, it has been my passion since I was a little girl. I knew one day I would be in a magazine! Living in sunny San Diego it's hard to stay away from the camera. I'm a true Sol Cal girl just give me the beach and sunshine and I'll be the happiest girl in the world! I also love working with children teaching had been very exhilarating. Even though I love teaching modeling has always been my #1 love.

Hey Yall,

My name is Veronica. Born and raised in Savannah, Ga where the sweet peaches are grown. A little bit about me some may want to know, I'm your fun, outgoing, energetic and spontaneous lady who plans on traveling the world one day. Italy, Greece and Ireland have been my dream locations to travel to ever since I was a little girl. I am Panamanian, Irish, and Yugoslavian for those are curious of my nationality and the odd part is that I've only been to one of those places. (Panama).

Currently I'm a personal trainer and furthering my education in Business Management so one day I can run my own training facility by continuing to help others reach their fitness goals.

Also, I compete in NPC figure competitions and am currently prepping for a show for this current year. Competing in bodybuilding has always been a fun experience for myself because of the thrill it gives me when I step on stage standing in front of hundreds of people... Ever since I can remember I've always played some competitive sport and after high school, I decided to take my competitive side that is also on the same path as modeling.

I try to help motivate and inspire as many people as I can. I've been modeling for a couple of years now and a goal of mine was to have my photos published in a magazine and all of my friends and family can have copies to and now I can say I have that opportunity to finally share that with them. I just want to say thank you to my photographer and also who I call a close friend, for pushing me outside of my comfort zone and giving me the opportunity to make me feel beautiful,

Thankyou Eugene Howard.

Katie O'Rear

Katie O'Rear is an American model that hails from near Detroit Michigan. While she does not live in the city proper as of right now, she used to live in Detroit in 2011. Katie got her start modeling in Ferndale, Michigan in 2010 when she was approached and discovered by a local photographer by the name of Bernie. Since that time, Katie has really gone above and beyond when it comes to planning and organizing a shoot. Katie has been featured in over 13 magazines and is on the cover of one of them. She has made two tv appearances and has been invited as a guest judge for several cosplay competitions. In addition to that, Katie has been invited to conventions as a special guest, and even ran a panel

with fellow model Haley Fisher. As for her dreams and secrets, Katie really wants to be on the cover of more magazines. That is a huge goal of hers. Secrets? Katie has a few, one of which is that she is heavily involved in wildlife rescue and rehab and has been since she was 10 or 11. She also actually really enjoys catching frogs and snakes and such out in the wild. No worries because she always is careful with them and lets them go after she takes a count of how many there are for various wildlife organizations. If you are looking for love, Katie has lots to give, as she goes out of her way to help others and frequently volunteers her time at homeless shelters.

How do you keep up such an amazing body? Honestly, I go to the gym for fun and just to stay in shape but my body has been this way naturally since i was young.

When was the 1st moment you felt you wanted to model? I was probably in middle school. When I realized how many pictures I take on my camera, I realized how much I wanted to try my hand at actually modeling.

How long have you been modeling? I'm a new and fresh model!

What categories of modeling do you enjoy most? I love fashion, glamour, swimsuit and lingerie. All categories honestly. There's really no limit to what i'll try with modeling.

How has your experience in the modeling world been so far? Its been good.

Any great experiences in particular? So far just the fresh and surreal experiences that come with being new to modeling.

When was the 1st moment you felt you wanted to model? Middle school. I've always been interested in photography and was always told I should model from random people because I had the perfect body to do so lol.

Was any one person or people your inspiration? I definitely have a lot. Tyra Banks, Naomi Campbell, Kendall Jenner, Lira galore theirs many.

What's your greatest fear regarding modeling? Dealing with unprofessional people.

When is all said and done what's 2 things you want to be able to say you accomplished in Modeling? That I inspired someone to follow there dreams & be successful with whatever it is they choose to do.

Is there anything else that you thought about pursuing in the industry besides modeling? Nope just modeling for now.

Do men approach you all the time or are they intimidated? Sometimes lol.

What kind of man are you attracted to? Tall dark and handsome I would say. Smart, has goals, respectful, honest.

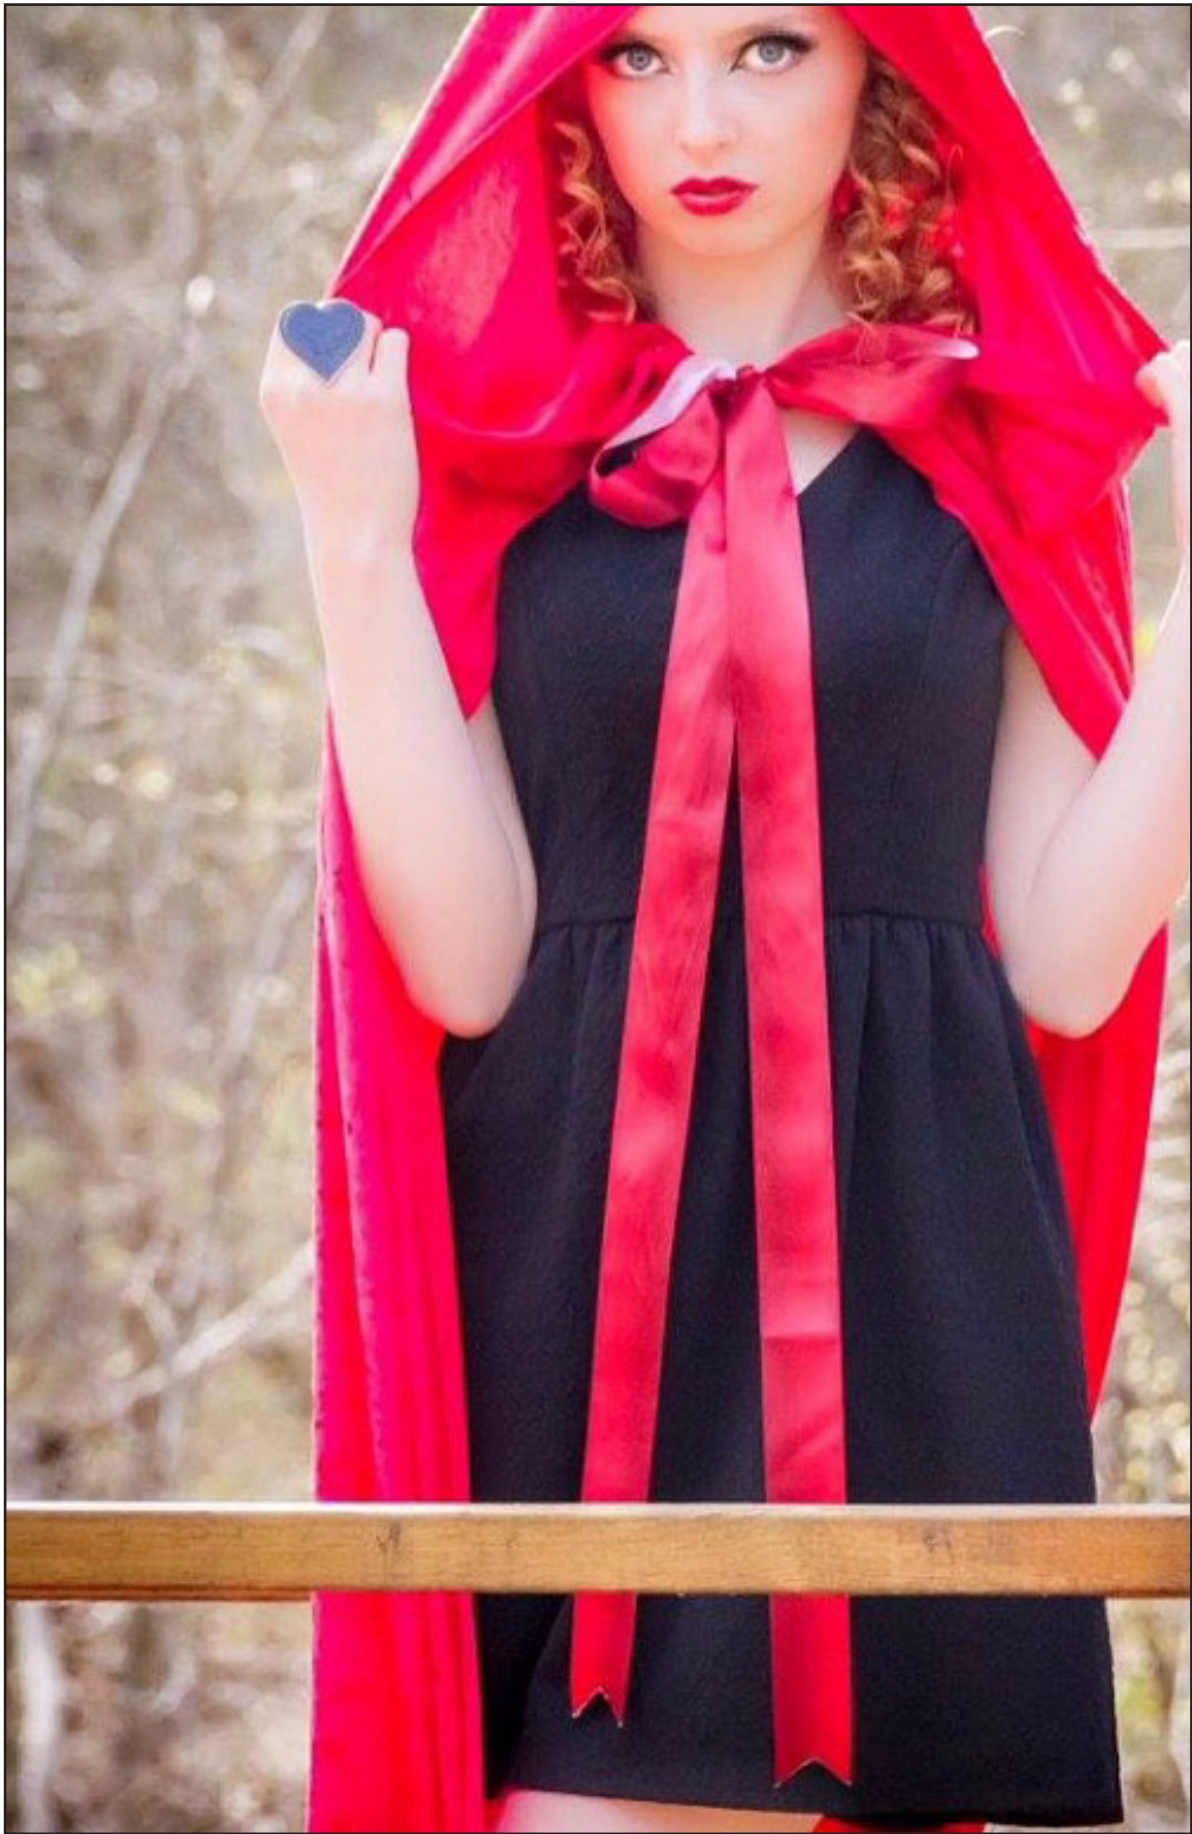

What's a turn on for you? I its a turn on when a men shows off his women , when he only has eyes for her.

What's a turn off? Any kind of disrespect is a turn off.

Is there anything or more that you would like people to know about you? I'm a genuine person. I love to see/make other people happy.
