Following the Mystery of Jill Maria

Jill Maria Robinson is a Romanian born Canadian actress who is cast as a Spanish or Italian character most of her career! We had to find out more about her and what her background really is!

Jill Maria is most known from the Canadian TV show *Go Fish*, now on Amazon Prime. She is one of the diverse female stars. She who was born in Romania and was adopted at three years old. Since arriving to Canada Jill has been in newspapers about being one of the Romanian orphans who were lucky enough to leave when communism first fell in the early 90’s. Jill really hopes to build a strong brand and voice from her work in entertainment and give back to the world for real. Her whole life she has always looked different than those around her, she was raised in Ontario, and in Calgary Canada.

“I was always one of the most ethnic kids in my class, I never felt like I fit in. I did sports to connect with people but I was high energy and wanted to dance and sing and play too much. My best friend was my chocolate lab that I pretended was my brother till my brother Jake was born when I was almost 10. I have the personality like the first born and single child but I was the youngest of 12 when I was adopted. I’m a crazy mix, shares Jill. Jill is most recently proud that now the Destiny Production’s Documentary *Another Little Romania* is airing on Romania Television for this year. She hopes to go back and find her relatives and help how she can there.

Jill got into acting later on in her life but always had a passion for the creative side. She was shy as a kid and got picked on, she didn’t feel confident until she grew up and was inspired by her best friends in film. Now Jill Maria has a rising career in just 5 years. She first started out in entertainment as a make-up & hair stylist for local projects and as well publicity. She has never let any challenges of her ethnicity stop her dreams. She has faced racism before and sexism in film. But keeps creating and connecting with people and won’t let the negative stop what she is doing. Jill just put out her newest issue of a entertainment magazine she started for her publicity clients that is in print nationally called *I’m Here With Magazine*. Shot by Kevin Stenhouse, she has Bret Hart and Lesia Bear on the cover. Her inspiration was her dear late friend Allan Stickel and Zulie.

Jill goes by Jill Maria in film but by J.M.R as a brand to the world. She has started her own J.M.R Swag line and will be sharing it for her supporters in Tshirt, totes, and a 2018 Calendar! Jill Maria has many sides to her; she is a support system to people as a publicist and writer for magazines, makeup artist and actress. So the J.M.R is very fitting for what she does and stands for. She is friends with many LA and Vancouver artists; she hopes to collaborate with more in 2018. “I have big plans for my future and for those around me who are by myside,” says Jill Maria.
