CLARA

Catherine Chloe Olivia, a 14-year-old Canadian/Taiwanese award winning teen influencer.

She is also a songwriter/singer/recording artist/model/actor and dancer, she also create content videos on Tiktok and YouTube.

She started to perform since the young age 3, according to Catherine, the first ever musical she done is The Little Mermaid, she play the lead role also 2 other supporting role, isn't that so cool for a 6-year-old? Now, Catherine is doing podcast show with Wildchild magazine, called Trippy teen podcast, she also going to be in future web series The enforceteen, and of course we can't wait for her new musics and songs! She had wrote her own songs like Change is a Choice/ Never Let it go/ I'm gonna We can't wait to see what she will share to us in future!

Catherine said it had always been her dream to become a successful influencer, whether as Singer/Actor/of just using her social media platform which she started as years ago.

"So many influencers/ Actors and singers has inspired me, like Selena Gomez Zendaya Olivia Rodrigo and more...lots of amazing songs has cheered me up when I'm down, tons of amazing movies and film has always make me laugh through my day also so many inspiring post and quotes have those influencers shared on social medias and make my day. I want to be just like them, be a influencer can make people's day, writing songs can cheers people up and try my best to present my characters. That's my definition for "successful influencer" and If I can make people's day cheers them up, than I think, I'm one step closer to my dream.

What's the most challenging things right now for you?

C: Whenever I receive hates. When I start to use social medias and try to share my ideas or my works, I always got hates in dm or people will telling me I can't make it (not my family tho, they always been super supportive). I used to take the hates seriously and it really affected to my mental health, but I try to ignore those, and keep focusing on people who love me and supporting me, which I'm so grateful for everyone who supporting me and I love them so much. I also takes time to focusing on myself, it's hard and challenging for a 14-year-old, but I'm learning it, and my family have helping me a lot, so I think facing hates is the most difficult things. And as I always told myself, believing in yourself, you are beautiful and don't listen to others, if you know this is what you love.

I've been dancing since I was 18 months old! I love to dance. I started to train in competition level at the age of 3 years old. I enjoyed each routine. I really enjoyed all the different types of dance we got to perform and try. We came in 1st place for most of our routines. As I grew as a dancer I really started to gain an understanding of how to count my music and make sure my face is performing as much as my feet.

Dance has taught me that failure is good. It's where you grow, learn and excel to your personal next best.
