My overall goal when it comes to my education is to be a Dr of Psychology. I hope to encourage young women to except their selves as they are. A young lady seeing the beauty within herself is an important thing. Sadly in todays society young people are extremely pressured to look, dress, even talk in a way that truly isn't them. Paring my education with my modeling platform will give me the opportunity to help educate and even show young people that they can be beautiful by being themselves

I started modeling over three years ago. Modeling has allowed me so many wonderful opportunities to express myself and work with creative people. Whether it's fashion, portrait, nude, or boudoir I find many new ways to grow in my body and expression. I've learned so much about myself, as well the industry itself.

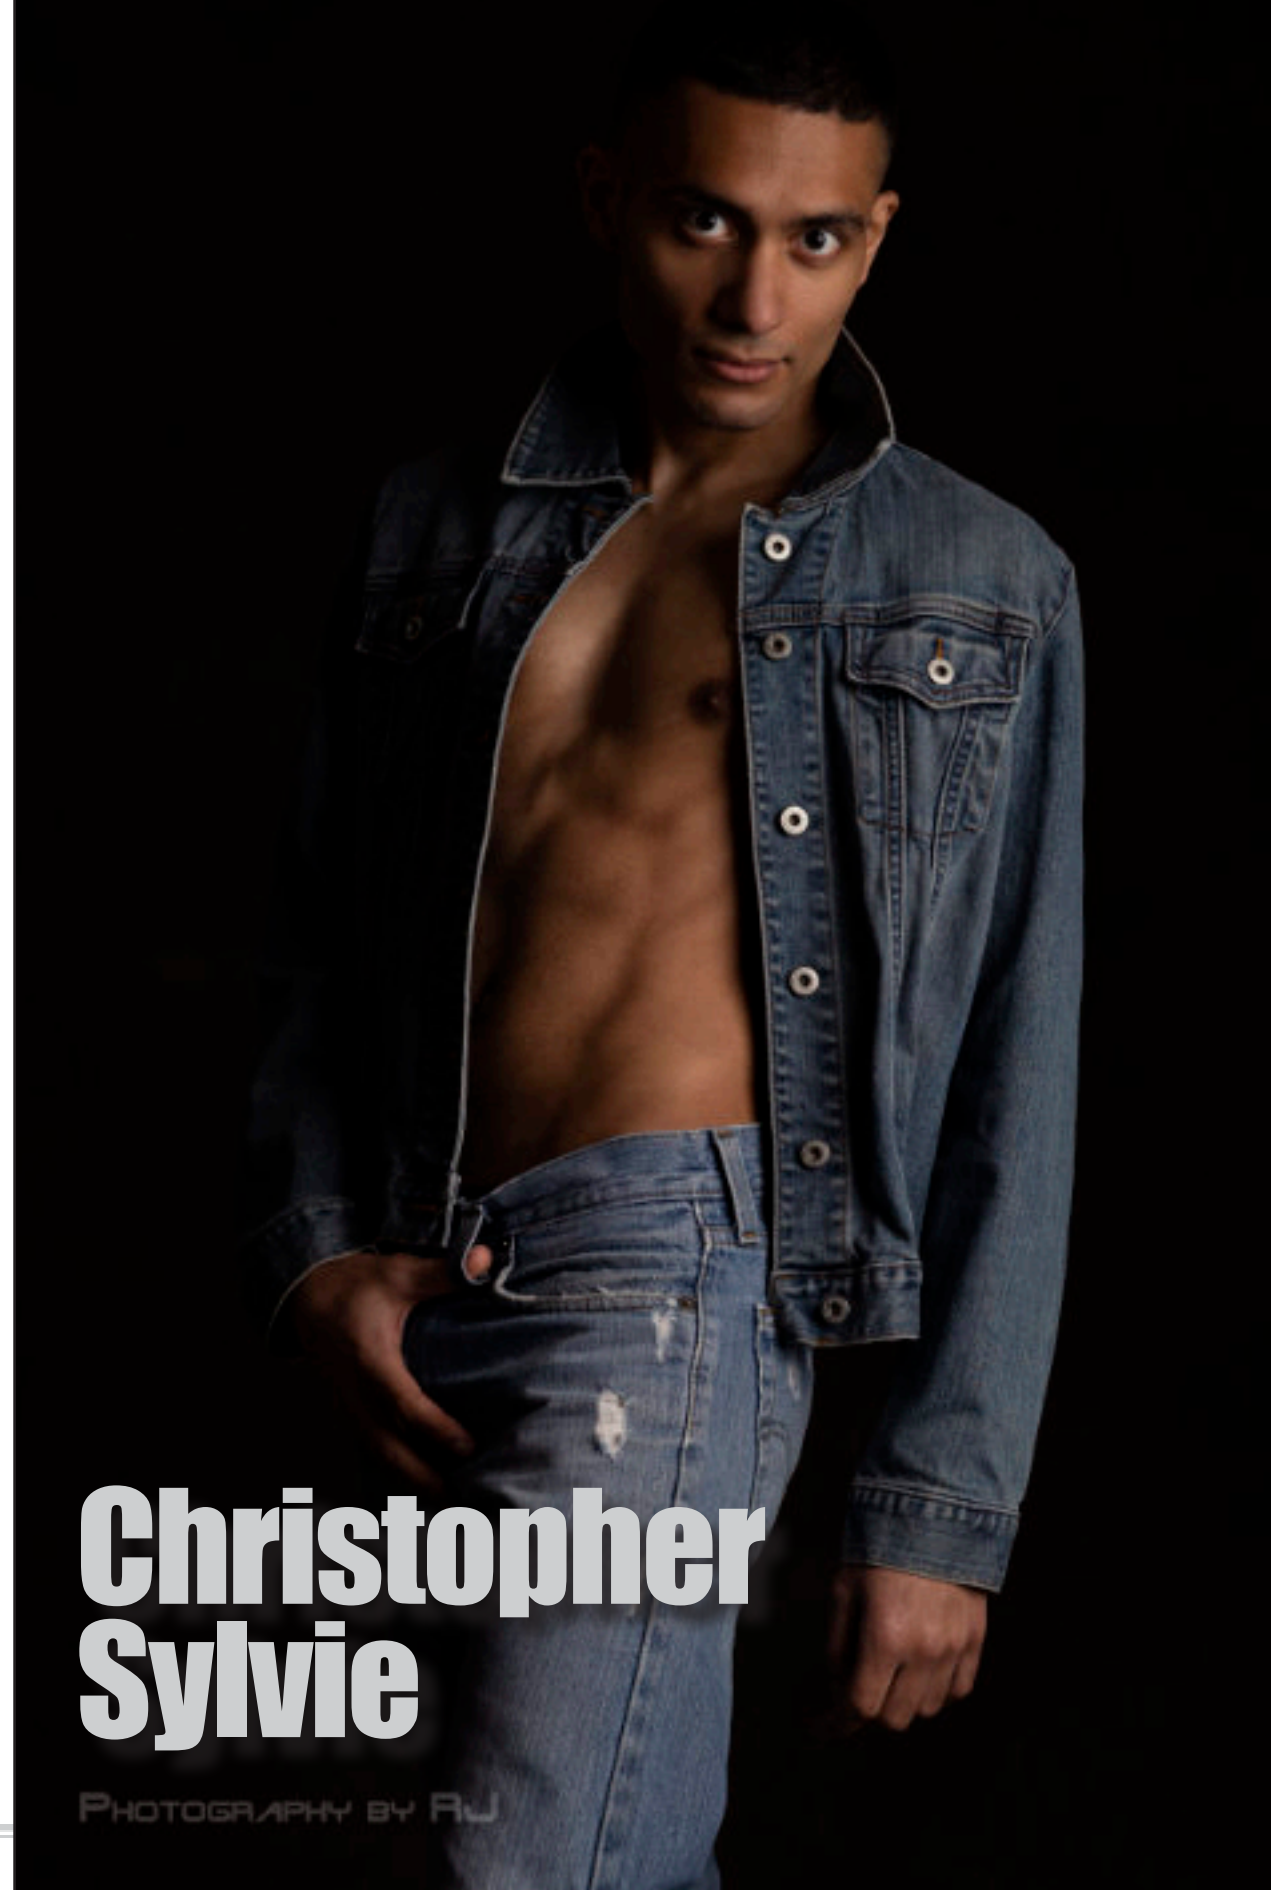

While I've been able to do a lot, I still would like to do so much more. I would love to continue deeper into the world of fashion and work with more designers, as well as travel. It's also been a dream of mine to be drawn by someone or model for an art class. Drawing and painting was my first love, so I would love to be a source of inspiration to other artists. However, I am always open to new opportunities and challenges. I can't wait to see what awaits for me in the future.

My name is Delaney Morrin and I am 10 years old. I enjoy hanging with my dog. She is a 2 year old rescue pup. In my spare time, I like to read, bake and make bracelets. Most importantly, I love to hang out with family and friends.

I am very close to my cousins. We see each other almost every weekend. We spend Christmas and Halloween together every year. Sometimes, one of my cousins and I like to build swings made out of rope. We do almost everything together.

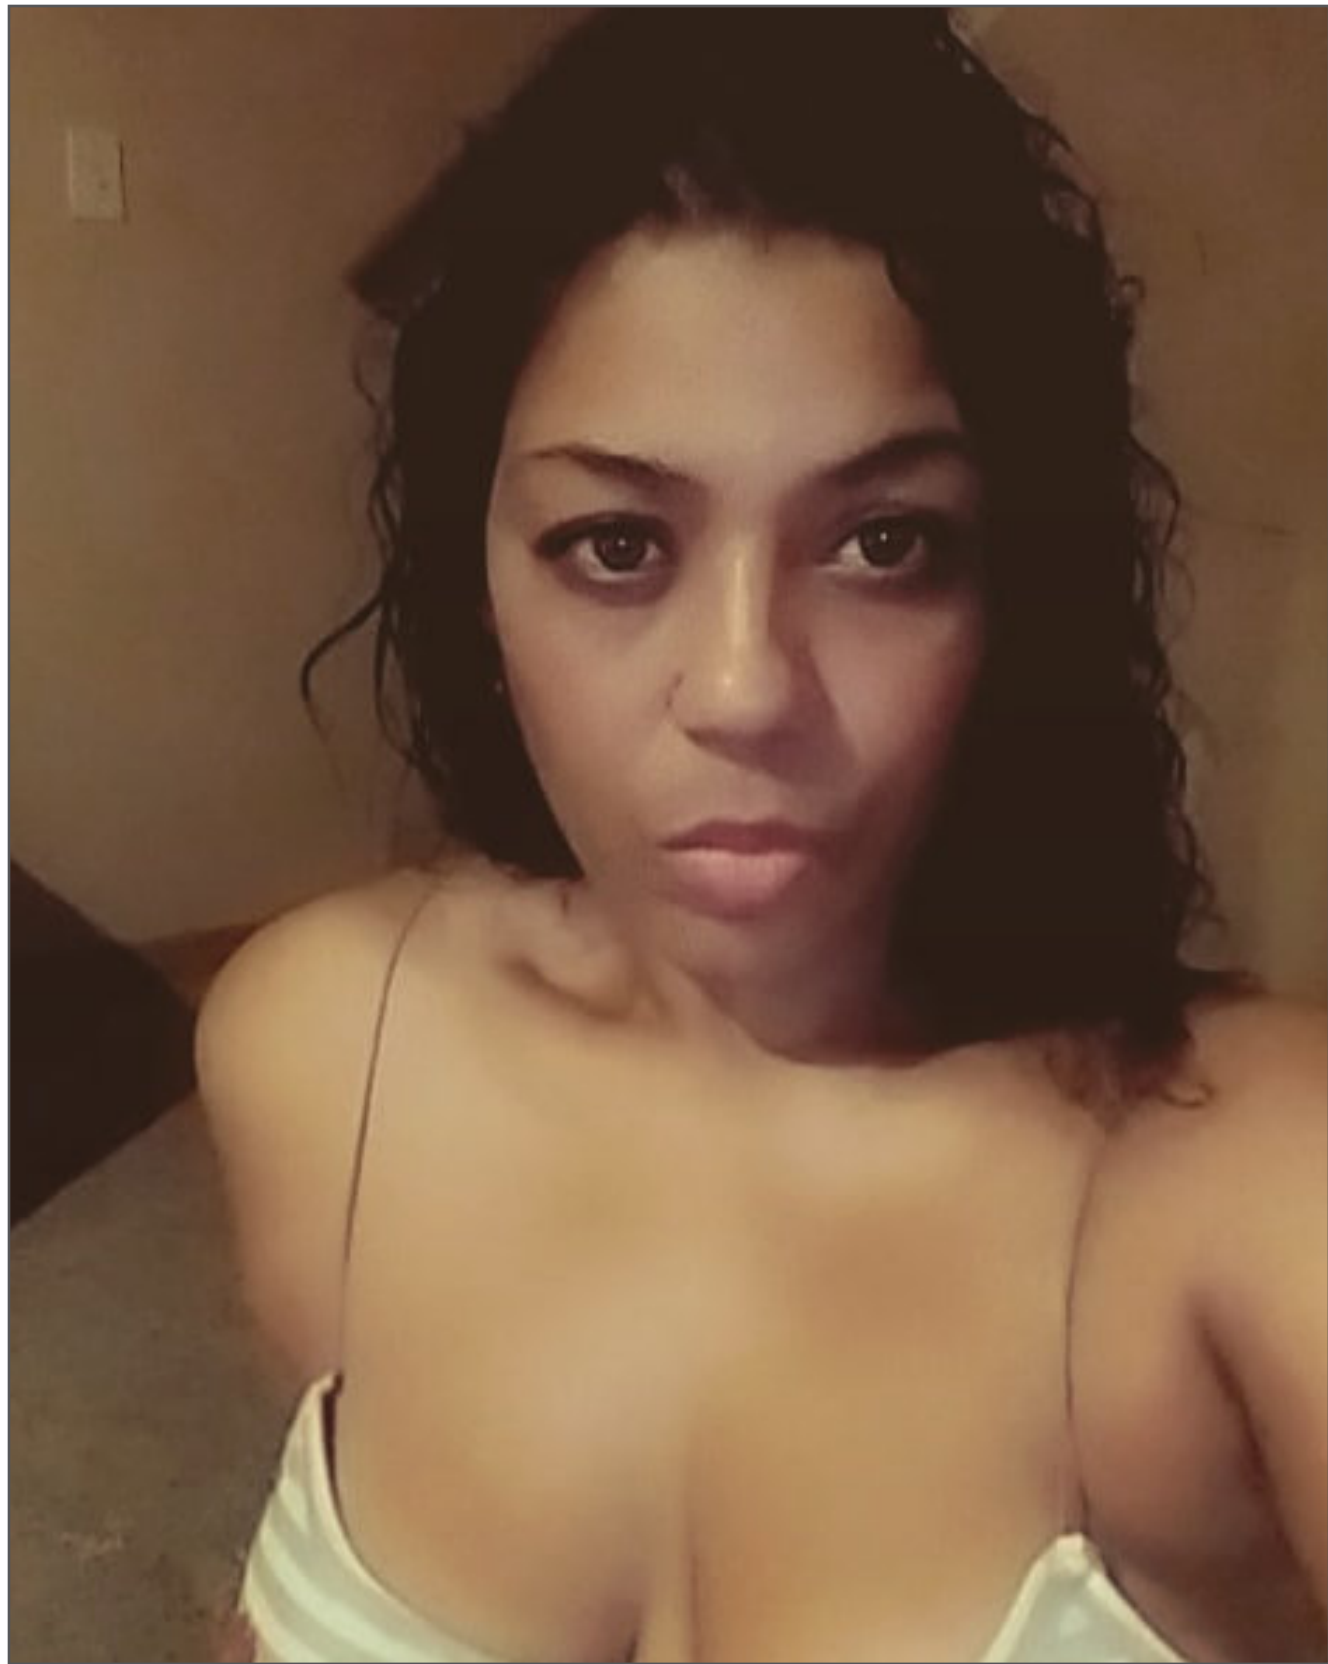

My friends are like family to me. When I am with

them we do many things together. We like to go to trampoline parks, get ice cream, go swimming, go to dinner and just hang out. Very little can make me happy.

Also, every time I am near anyone, I remind myself to be kind, truthful and myself. It is easy to be truthful and kind. But being myself can be hard. The key is to do what makes you happy, and that is what I try to do. I like to express myself and do what I love.

There is nothing I love more than dancing and being on stage. I train almost 30 hours a week and would love nothing more than to dance on Broadway in New York City. Being on stage and doing what I love is the best feeling in the world.
