Hey,

My name is Jazz. I live in Belgium and I am 9 years old. I just started modelling and I love it. I'm a very sportive girl, I love dancing, I play handball and I'm a horseback rider. I love music and making dance choreographies myself. Maybe I will become a dancer or a topmodel. I'm just getting started and I'm so curious of what life will bring for me...Thanks for supporting and following me. With your support I may be able to make my dreams come true...Love you all! Jazz

Kristina Rudak

I do not yet know who I will be when I grow up, but I do know for sure that I enjoy singing, dancing, modeling, drawing and acting. I want to be popular and give everyone joy and smiles. In the future, I would like to open my own dance school and travel a lot around the world. Throughout my career, I have been the winner of a dance

competition more than once. I am very proud of that. In my collection of awards there are first places not only in dancing, but also in singing and modeling. I have already shown my performances in other countries. Now I am 9 years old and I am sure that I will succeed, because I train a lot and believe in it!
